1 Key

Courses Class A:	These courses take place each year in English.
Courses Class B:	Courses are offered in English in this subject area.
Courses Class C:	In these modules courses are often held in English (not necessarily every term).
Level:	Level of the course: 1 st , 2 nd , 3 rd , 4 th year
ECTS:	Minimum and maximum achievable ECTS .
Title:	Title of the course or seminar.
Topic/Subject area/Modules:	Description, in which study area or module most likely English courses are offered.
Form of examination	Kind of exam.
Description	Description of the course or seminar: 1) Type of course; 2) Content of the course/subject area/modules; 3) According to Class B/C courses: the expected number of courses.
Course Code:	ZEuS Course Code

2 Bachelor of Arts

2.1 Winter Semester

2.1.1 Courses Class C:

2.1.1.1 Special Sociology			
Level: 2 nd and 3 rd year	ECTS: 6	Course Code: NA	Form of examination: various
ZEUS-Permalink: NA			
Description: Courses in this module teach core competencies of applications of sociological theories and methods used in the social sciences. Students learn how to analyze contemporary societies under specific perspectives (e.g. religion, politics, economy, migration, education). After completing this module students are able to apply sociological concepts on (practical) sociological themes.			

2.2 Summer Semester

2.2.1 Courses Class C:

2.2.1.1 Special Sociology			
Level: 2 nd and 3 rd year	ECTS: 6	Course Code: NA	Form of examination: various
ZEUS-Permalink: NA			
Description: Courses in this module teach core competencies of applications of sociological theories and methods used in the social sciences. Students learn how to analyze contemporary societies under specific perspectives (e.g. religion, politics, economy, migration, education). After completing this module students are able to apply sociological concepts on (practical) sociological themes.			

3 Master of Arts Sociology

3.1 Winter Semester

3.1.1 Courses Class C:

3.1.1.1 Thematic areas			
Level: NA	ECTS: 9	Course Code: NA	Form of examination: various
ZEUS-Permalink: NA			
Description: Courses in this module teach core competencies of applications of sociological theories and methods used in the social sciences. Students learn how to analyze contemporary societies under specific perspectives (e.g. religion, politics, economy, migration, education). After completing this module students are able to apply sociological concepts on (practical) sociological themes			

3.1.1.2 Advanced methods			
Level: NA	ECTS: 9	Course Code: NA	Form of examination: various
ZEUS-Permalink: NA			
Description: Courses in this module teach comprehensive methodological proficiency and applied methods of social sciences. Students can choose between courses with a quantitative or qualitative approach. Main teaching goal of this module is to enable students to choose the appropriate approach for their own research.			

3.1.1.3 Sociological theory			
Level: NA	ECTS: 9	Course Code: NA	Form of examination: various
ZEUS-Permalink: NA			
Description: Students will learn to understand and discuss sociological theories on a meta level and how to apply them for their own research.			

3.2 Summer Semester

3.2.1 Courses Class C:

3.2.1.1 Thematic areas			
Level: NA	ECTS: 9	Course Code: NA	Form of examination: various
ZEUS-Permalink: NA			
Description: Courses in this module teach core competencies of applications of sociological theories and methods used in the social sciences. Students learn how to analyze contemporary societies under specific perspectives (e.g. religion, politics, economy, migration, education). After completing this module students are able to apply sociological concepts on (practical) sociological themes.			

3.2.1.2 Advanced methods			
Level: NA	ECTS: 9	Course Code: NA	Form of examination: various
ZEUS-Permalink: NA			
Description: Courses in this module teach comprehensive methodological proficiency and applied methods of social sciences. Students can choose between courses with a quantitative or qualitative approach. Main teaching goal of this module is to enable students to choose the appropriate approach for their own research.			

3.2.1.3 Sociological theory			
Level: NA	ECTS: 9	Course Code: NA	Form of examination: various
ZEUS-Permalink: NA			
Description: Students will learn to understand and discuss sociological theories on a meta level and how to apply them for their own research.			

4 Master of Arts Anthropology and Sociology

4.1 Winter Semester

4.1.1 Courses Class C:

4.1.1.1 Topics and Queries in Anthropology			
Level: NA	ECTS: 9	Course Code: NA	Form of examination: various
ZEUS-Permalink: NA			
Description: Courses in this module teach core competencies of applications of anthropological theories and methods for studying modern non-European societies. Students learn how to analyze contemporary non-European societies with an anthropological perspective and different thematic themes (e.g. religion, politics, economy, migration, security). After completing this module students are able to apply anthropological concepts on (practical) anthropological themes.

Level: NA	ECTS: 9	Course Code: NA	Form of examination: various
ZEUS-Permalink: NA			
Description: Courses in this module teach core competencies of applications of sociological theories and methods used in the social sciences. Students learn how to analyze contemporary societies under specific perspectives (e.g. religion, politics, economy, migration, education). After completing this module students are able to apply sociological concepts on (practical) sociological themes.			

4.1.1.3 Advanced methods			
Level: NA	ECTS: 9	Course Code: NA	Form of examination: various
ZEUS-Permalink: NA			
Description: Courses in this module teach comprehensive methodological proficiency and applied methods of social sciences. Students can choose between courses with a quantitative or qualitative approach. Main teaching goal of this module is to enable students to choose the appropriate approach for their own research.			

4.1.1.4 Theories in Sociology			
Level: NA	ECTS: 9	Course Code: NA	Form of examination: various
ZEUS-Permalink: NA			
Description: Students will learn to understand and discuss sociological theories on a meta level and how to apply them for their own research.			

4.1.1.5 Theories in Anthropology			
Level: NA	ECTS: 9	Course Code: NA	Form of examination: various
ZEUS-Permalink: NA			
Description: Students will learn to understand and discuss anthropological theories on a meta level and how to apply them for their own research.			

4.2 Summer Semester

4.2.1 Courses Class C:

4.2.1.1 Topics and Queries in Anthropology			
Level: NA	ECTS: 9	Course Code: NA	Form of examination: various
ZEUS-Permalink: NA			
Description: Courses in this module teach core competencies of applications of anthropological theories and methods for studying modern non-European societies. Students learn how to analyze contemporary non-European societies with an anthropological perspective and different thematic themes (e.g. religion, politics, economy, migration, security). After completing this module students are able to apply anthropological concepts on (practical) anthropological themes.			

4.2.1.2 Topics and Queries in Sociology			
Level: NA	ECTS: 9	Course Code: NA	Form of examination: various
ZEUS-Permalink: NA			
Description: Courses in this module teach core competencies of applications of sociological theories and methods used in the social sciences. Students learn how to analyze contemporary societies under specific perspectives (e.g. religion, politics, economy, migration, education). After completing this module students are able to apply sociological concepts on (practical) sociological themes.			

4.2.1.3 Advanced methods			
Level: NA	ECTS: 9	Course Code: NA	Form of examination: various
ZEUS-Permalink: NA			
Description: Courses in this module teach comprehensive methodological proficiency and applied methods of social sciences. Students can choose between courses with a quantitative or qualitative approach. Main teaching goal of this module is to enable students to choose the appropriate approach for their own research.			

4.2.1.4 Theories in Sociology			
Level: NA	ECTS: 9	Course Code: NA	Form of examination: various
ZEUS-Permalink: NA			
Description: Students will learn to understand and discuss sociological theories on a meta level and how to apply them for their own research.			

4.2.1.5 Theories in Anthropology			
Level: NA	ECTS: 9	Course Code: NA	Form of examination: various
ZEUS-Permalink: NA			
Description: Students will learn to understand and discuss anthropological theories on a meta level and how to apply them for their own research.
